ABOUT ME

Computer Science & Engineering graduate with hands-on project experience in web development, AI-based computer vision, and backend APIs. Completed a project management internship involving task coordination, workflow tracking, and team communication. Familiar with Python, JavaScript, React.js, and Django, with a strong interest in developing practical technical solutions. Eager to learn and contribute to an entry-level software development or IT role.

CORE SKILLS

Languages: Python, JavaScript, C | **Frontend:** HTML, CSS, React.js | **Backend:** Django, Node.js (Basic) | **Database:** MySQL | **AI/ML:** YOLOv8, EfficientNet, Computer Vision | **Tools:** Git, GitHub, VS Code, Zoho Projects | **Concepts:** REST APIs, SDLC, Agile

PROFESSIONAL EXPERIENCE

Project Management Intern | CBS Venture Ltd. (UK-based company)
Ernakulam, Kerala, India | Jan 2026 – Mar 2026

- Coordinated project tasks, timelines, and workflow tracking using Zoho Projects.
- Supported SDLC documentation, progress reporting, and team communication.
- Collaborated with team members to track project progress and support timely task completion.

TECHNICAL PROJECTS

SafeWatch AI | AI-Powered Smart Surveillance System
Python | OpenCV | YOLOv8 | EfficientNet | Django

- Developed an AI-powered CCTV surveillance system for weapon detection using a two-stage computer vision pipeline.
- Integrated a Django backend to support alert handling and improve detection validation.

Ambular | Real-Time Emergency Ambulance Coordination System
React.js | Django | Google Maps API

- Developed an ambulance coordination platform featuring live tracking, navigation, and estimated arrival times.
- Implemented backend APIs to support emergency requests and coordination between ambulances and hospitals.

EDUCATION

B.Tech in Computer Science & Engineering

KMEA Engineering College | APJ Abdul Kalam Technological University (KTU)
Oct 2022 – May 2026

CERTIFICATIONS, RESEARCH & LEADERSHIP

- **Certifications:** AI/ML Professional Skill Advancement; JavaScript, TypeScript & Front-End Development; Python Programming.
- **Research:** IJERT Research Paper (2026).
- **Leadership:** Chair, IEEE Computer Society Student Branch, KMEA; Joint Volunteer Secretary, NSS, KMEA.
