UBAIDHA UMMER

SOFTWARE ENGINEER

8921988197 ubaidhaummer@gmail.com https://linkedin.com/in/ubaidha-ummer https://github.com/Ubaidha

PROFILE SUMMARY

Computer Science Engineering student with hands-on experience in full-stack web development and project management. Skilled in building scalable and real-time applications using React.js, Django, and MySQL. Strong understanding of REST APIs, system design, and AI-based solutions, with proven leadership and teamwork abilities.

TECHNICAL SKILLS

Languages: Python, JavaScript, C
Frontend: HTML, CSS, React.js
Backend: Django, Node.js (Basic)
Database: MySQL
Tools: Git, GitHub, VS Code
Concepts: REST APIs, Real-time Systems, AI Integration
Soft Skills: Leadership, Problem Solving, Teamwork, Adaptability

PROJECTS

Ambular – Smart Emergency Ambulance System

- Developed a real-time ambulance tracking system using React.js and Django
- Integrated Google Maps API for live navigation, route optimization, and ETA prediction
- Designed backend APIs for user-hospital communication and emergency coordination
- Planned real-time updates using WebSocket and scalable architecture using Redis

SafeWatch AI – Intelligent CCTV Surveillance System

- Built an AI-powered surveillance system for real-time anomaly detection
- Designed alert mechanisms to detect suspicious activities and trigger notifications
- Improved monitoring efficiency using intelligent event recognition techniques

INTERNSHIP EXPERIENCE

Project Management Intern
CBS Venture Ltd., London, UK | Jan 2026 – Mar 2026

- Assisted in planning and execution of software development projects
- Coordinated tasks, timelines, and team communication for efficient workflow
- Collaborated with cross-functional teams to ensure timely delivery of milestones
- Gained practical exposure to project lifecycle, Agile practices, and team coordination

EDUCATION

B.Tech – Computer Science Engineering
KMEA Engineering College (KTU) | 2022–2026 | CGPA: 6.81

- Class 12 (HSE): 89%
- Class 10 (SSLC): 96%

LEADERSHIP & VOLUNTEERING EXPERIENCE

- Chair – IEEE KMEA Computer Society
- Joint Volunteer Secretary – NSS
